BUSINESS OF HONOLULU FOR THE FIRST HALF OF JULY

Berrey's semi-monthly circular of business in Honolulu for the first two weeks of July, issued yesterday, is as follows:

The general trade movement seems less active this season of the year than is usually experienced. We are led to believe the present inactivity is caused by tightness of the money market, and in some instances a scarcity of goods. The conditions of trade are far from being satisfactory. Merchants report a falling off in margin of profit, and loss in volume. Collections are slow, old accounts dormant, but creditors pushing vigorously. The agency is making stronger efforts to collect on these, and has had gratifying success so far this month. Many merchants report collections harder than ever, and failure to meet obligations have extended to those hitherto unquestioned about credit during previous years. The foregoing conditions extend to outside districts also. The commendable and persistent efforts of the mercantile community to narrow the credit limit is more perceptible each day. We make no special comment upon any particular line of business. All branches fail to reach the season's standard.

A large amount of money has been paid out during the last month locally in dividends.

The steamship Sierra relieved the local potato famine.

Stocks—The demand for stocks is light and inactive. Men supposed to be on the inside of stock conditions, admit that we have more stock than money.

Outlook is by no means disturbing, and the probabilities indicate a less rushing trade for the next year. There is no question of the fact that general prosperity will return again in the near future.

The manager desires to apologize for recent pessimistic reports. Yet it is deemed improper to exaggerate the truth, even for the purposes of encouragement.

Three more local corporations are being promoted. Also, two (likely) to combine on the island of Hawaii.

We note one local bankruptcy since our last report.

The mortgage indebtedness of the islands has increased since our last report, \$109,090.74.

The Japanese merchants report money easier with their people throughout the islands, owing to the increase in wages.

BUILDING PERMITS.

I. Ishisaki, two-story lodging house, South street.

W. T. Patey, two-story dwelling house, Nuuanu street, mauka of School street.

W. M. Campbell, one and one-half story dwelling, Pawaa Tract.

The mortgage indebtedness of the islands has increased since our last report, \$109,090.74.

budge an inch toward the vessel. Harry Flint, the chief of the harbor police, was asked to put him aboard, but he shook his head. The customs men would not touch the Paki, and the relatives were afraid to use force. The high sheriff's office was telephoned to, and a special Chinese officer dispatched. But nothing was done except to take the man back to his relatives here, who are out a considerable sum of money for their pains.

HAWAIIAN SCHOOLS.

The Buffalo Exhibit Awakes Admiration Among Teachers.

The Chicago School Weekly says: Miss Rose C. Kahapala Davison, special commissioner to the Pan-American exposition from Hawaii, has arrived in Buffalo. Miss Davison has sole charge of the exhibit of the Hawaiian educational department. "The exhibit does not alone illustrate the scholastic side of our system, but manual training as well," explained Miss Davison to a visitor. The manual training exhibit is most interesting. Darning, weaving, sewing, embroidery, carving, carpenter work and other useful occupations, are begun in the lowest grades and carried throughout to the highest. The boys learn to sew also, to enable them to sew a button, or put a patch on their clothes, when necessary. Girls at the normal school are taught carpentering, and one of the exhibits is a large, well-built sewing chest, made by a 16 year old girl. Samples of fancy weaving and braiding of straw and leaves were also shown, and the wonderful artistic development of the Hawaiian children is shown in many articles in the exhibit, such as picture frames woven of luhala leaves and bamboo, baskets, fans and other useful articles.

Miss Davison explained that English is now the universal language in Hawaii.

This exhibit was so large and so complete that Doctor Selim Peabody declared he had no room for it in the liberal arts department; application was made for space in the colonial building in the United States group; that, too, was found to be overcrowded, so, as a last resort, the department of the interior was appealed to and there the interested visitor will find it. Some idea of the extensive manner in which it has been prepared is shown by its weight of 3,000 pounds. All teachers visiting the Pan-American exposition should find time to examine this remarkable exhibit.

The cars on Pacific Heights Electric Railway will start from Nuuanu avenue station, connecting with all tramway cars, daily. Take a ride and enjoy the cooling breeze and magnificent view.

Following are the current rates of exchange to the countries named (gold basis):

American-Atlantic coast, 50 cents per \$100.

Pacific coast, 30 cents per \$100.

British sight, \$4.91 1/2 per pound sterling.

Sixty days, \$4.88 1/2 per pound sterling.

German, 24 1/2 cents per mark.

Japanese, 50 1/2 cents per Yen.

Chinese, 48 cents per Mexican \$1.00.

Hilo Hawaii.

Hilo, Hawaii, June 7, 1901.

Dear Sirs—In my innocence I purchased here in Hilo a jar of your

PIN-MONEY PICKLES
(put up by Mrs. E. G. Kidd, Richmond, Virginia.)

It brought me great trouble, and as for three things must occur:

1. You must stop making them; 2. I must get them at less expense; 3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early infancy "Pickles" neighbors ring the door bell and shout "Pickles" relative to me in expectation of "Pickles." Pickles are my Nemesis. Please, sir, quote them by the keg, barrel, hogshead, ton or shipload, and "serve" me. Yours very truly,
